

# Viewpoint Help

As a Non-Muslim-Buddy, you can post a viewpoint. This module allows a you to add/edit/delete your viewpoints on Islam and Muslims on this page.

The viewpoint has a max limit of 200 words and a counter displays how many words or characters are remaining. Your viewpoint will be displayed to all site visitors and other members will be able to vote. The voting results and the winner are published at 1:00 am every Saturday morning. You can enter a NEW viewpoint as many times as you like but you can only win once a year. Move the world with your viewpoint!

The screenshot shows the MyC2i website interface in Internet Explorer. The browser title is "MyC2i :: Non-Muslim Buddy Viewpoint - Internet Explorer, optimized for Bing and MSN". The address bar shows the URL "http://031b9df.netsolisp.com/myc2i/pages/secure/protegeViewPoint.faces". The page features a navigation sidebar on the left with links: Dashboard, My Messages, Mentor-Buddy Profile, Mentor-Buddy Search, Non-Muslim Buddy Viewpoint, Activity Log, and Tutorial. The main content area is titled "Non-Muslim Buddy Viewpoint" and includes a "Create new viewpoint" button. Below this is a table titled "My viewpoints" with the following data:

| Story title                                       | Created on         | Ready to publish | Action  |
|---|--------------------|------------------|---|
| Are Muslims in the US really peace-loving people? | 01-24-2012 6:13 PM | No               |   |

At the bottom of the page, there is a copyright notice: "Copyright Myc2i.org.The Dawa Institute of North America" and a design credit: "Design and Developed by Intrigue IT". The Windows taskbar at the bottom shows the Start button and several open applications, including "MyC2i :: Non-Muslim ...", "AAA - Contact Us - In...", "Inbox - Microsoft Out...", "Design Files", and "View Point Help Page ...". The system clock shows 7:06 PM.

When the option 'ready to publish' is checked then the viewpoint is sent to the administrator for approval. If the administrator approves the viewpoint, then it is ready for voting and publishing in the dashboard.
